RESUMES

HEADHUNTING is an Art and not everyone is mastered in this field. We are one of the leading online Headhunters for very many years and know what difficulty an Employer faces to search and find a particular Candidate especially with unique experienced background and experience.

We have experience to see frustration and anxiousness of a Recruiting Manager / Employer as wants a best candidate within his budget / salary range.

We feel pity when most of these Recruiting persons waste their time consuming in newspapers, social media and other channels.

Why not contact a professional under one umbrella who can take care of all your worries and address all such enquiries directly with fast action. We have an active databank of Candidates who are actively looking for jobs or switch their current jobs and are immediately available for placement.

Our process is very easy as ABC and we offer two choices to Employers. 1. Pay our Headhunting Services charges per successful candidate. 2. We provide Candidates **FREE OF CHARGE** basis to them and in case Employer has nothing to pay to us.

Most of the Employers choose Option-2 and are our satisfied clients. Please write to us at INFO@LaoJee.com for details as how we can help you.
